Articles

"Will COVID-19 Change Urban Planning for Indian Cities?", Delhi Post, April 2020

WORK IN PROGRESS

Climate Change and Respiratory Drugs (with Chirantan Chatterjee and Ashish Kumar): We study the welfare consequences of price controls by utilising the exogenous shift in the climatic conditions around the national capital of India, Delhi.

Returns to Education in India, 1993-2018 (with Mohd. Imran Khan and Jannet Farida Jacob): We study the rewards in the labor market from general and, vocational education and training, for self-employed workers in particular, disaggregated by gender.
